Nevera-Morgan
The marriage of Roland S. Nevers and Mildred M. Morgan took place at the home of Rev. M. O. Baltzer Tuesday at 9 o'clock in the forenoon. The bride wore a midnight blue traveling suit with hat and gloves to match. After the ceremony, they left town in an automobile for a brief honeymoon, the place not mentioned. On their return they will occupy apartments recently furnished in the Merritt Welch residence on Main street. At home after Oct. 27. No cards.
Mrs. Nevers is the daughter of Allie and the late Elizabeth (Wheeler) Morgan of Bethel. She was educated in the schools at Bethel and prominent in the Woman's Relief Corps in that town. Coming to Norway some two years ago, she secured employment at the Carroll, Jellerson, Shoe Co., where she is still engaged. Mrs. Nevers is a member of the Norway Congregational church, the C. E. and a teacher in the Sunday school.
The bridegroom is the son of Mr. and Mrs. Percy H. Nevers of Norway. He graduated from Norway high school in 1913 and was employed in the cutting room at the Carroll, Jellerson Shoe Co. in the Merritt Welch residence. He has served a year in France with the 54th Division and other military organizations returning March 27, 1918 as corporal.
"Duties," a name he carried overseas from Maine, has been prominent in athletics particularly in amateur baseball and basketball. He has the same position in the Carroll, Jellerson factory as before his enlistment.
The date for the wedding was kept a perfect secret, but a word passed the senior to the pastor room and box shop friends at the factory. They were in hiding until the couple left the parsonage then a perfect barrage of confetti was laid down while the victims were racing for shelter in their new home.
The wedding presents included furniture, cut glass, silverware, china and many other useful gifts.

Norway Man Wins High Rank
In an article of the Knights of Pythias paper appearing an article of local interest concerning H. F. Ames, who it will be remembered, resided in Norway until about ten years ago before going to California. His father was Capt. Ames who ran the first steamboat on the lake.
The article tells of a meeting of the Third Regiment, California Brigade, Uniform Rank Knights of Pythias being recently held. Brig. General H. F. Ames who had just been elected brigadier commander of California was present. At the close of the meeting, Mrs. H. F. Ames wife of Brig. Gen. Ames was escorted to the lodge room and in a few well chosen words presented the regiment with a hand some regimental banner. Mrs. Ames was presented with a handsome banner which was engraved, "Third Regiment, California Brigade" and by a unanimous vote Mrs. Ames was adopted a daughter of the Third Regiment. With Gen. Ames at the head of the brigade and the support of the officers, great success is expected for the coming year's work of the order.

Note From Dr. Trufant
In a letter from Dr. L. H. Trufant of Waco, Texas, who formerly lived in Norway, he says: "We are very pleasantly situated here. Waco is a city of about sixty-five thousand population, surrounded by a very rich agricultural community. In fact, over one-fifth of the world's cotton supply is raised within a radius of fifty miles of here. The land is a rich, coal-black loam and contrasts beautifully with the cotton now in full bloom.
I judge from the letters received from Maine that the weather is somewhat warmer here than it has been here all through here. In the winter season the thermometer occasionally drops to freezing but only for a day or so. The water pipes are laid just six inches under ground so there cannot be much frost here.
"House and office rent here is very high, but general living expenses are lower, if anything, than in Maine. Meats are especially low as we can get the nicest cuts of steaks for 10 cents a pound. "I wish Norway had a cotton gin here all through here. This one county has expended over five million dollars in improving the roads. Nearly all are Tarvia and it is certainly a pleasure to go out in the car."

How Bad Backs Have Been Made Strong
—Kidney Pills Corrected.

All over Norway you hear it. Doan's Kidney Pills are keeping up the good work. Norway people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys act too frequently, or passages are painful, scanty and off color, use Doan's Kidney Pills, the remedy that has helped so many of your friends and neighbors. Follow this Norway citizen's advice and give Doan's a chance to do the same for you.

E. C. Libby, Sanborn St., says: "I had backache a great deal and it annoyed me to do anything. My head ached frequently, too. I also noticed little specks before my eyes and my sight blurred. I used various medicines, but it was left for Doan's Kidney Pills to give me lasting results. Since using them, I have had no return of the complaint and I have great confidence in Doan's."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Libby had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

THIS WEEK,
NERVOUS MOTHER

Tells How Lydia E. Pinkham's
Vegetable Compound
Restored Her Health.

Philadelphia, Pa.—"I was very weak,
always tired, my back ached, and I felt
sickly most of the
time. I went to a
doctor and he said
I had nervous in-
dication, which ad-
ded to my weak
condition kept me
worrying most of
the time—and he
said if I could not
stop that, I could
not get well.
I heard somewhere
of Lydia E. Pinkham's
Vegetable Com-
pound and wanted
me to try it.
I took it for a week
and felt a little bet-
ter. I kept it up for
three months, and
I feel fine and can
eat anything now
without distress or
nervousness."—Mrs.
J. WORTHLINE, 2642 North Taylor St.,
Philadelphia, Pa.

The majority of mothers nowadays
overdo, there are so many demands
upon their time and strength; the result
is invariably a weakened, run-down,
nervous condition with headaches, back-
ache, irritability and depression—and
soon more serious ailments develop.
It is at such periods in life that Lydia E.
Pinkham's Vegetable Compound will
restore a normal healthy condition, as
it did to Mrs. Worthline.

acted as lecturer and presented a brief
program:

Accompanied by Mrs. Gertrude Weston.

The usual social followed. The grange
has been presented with a fine picture,
beautifully framed, of Mr. and Mrs. Geo.
Cummings and it adorns the hall in a con-
spicuous place. The picture is a repro-
duction of the perfect likeness taken when
Mr. and Mrs. Cummings celebrated their
fiftieth wedding anniversary. They are
among the oldest members of the grange
and in past days were active in all
grange activities. This gift will doubt-
less be greatly appreciated by all and
ever cherished as a reminder of these old
time members.

Mr. Jenkins had turned the car out of

road the car turned turtle, throwing the
occupants out, breaking the top of the
car, and windshield, and injuring all of
the passengers.

Mr. Masterman received
a cut about nine inches in length on the
left leg just above the knee, his left
shoulder was broken and other ways
bruised and one rib broken. Mrs.

to Dr. York's hospital at Wilton and

friends.

The senior class of Porter high school

2, to the freshmen. The principal of the
school, Mr. Edgewood, and the assistant

The "Autometric" Carburetor

Made by The Yale & Towne Mfg. Co.
STAMFORD CONNECTICUT

Greater Flexibility of Control

THE car which gives you the greatest
pleasure and satisfaction in driving is the
one that has power plus in the pinches.

The car that gets away quick! That makes
the grades and glides along through traffic
crowded thoroughfares without your shift-
ing gears continuously.

The car with the "sweet running motor,"
that you can control, that responds to your
slightest wish.

That's the car you love to drive.
That can be your car regardless of its
make, if you equip it with an "Autometric"
Carburetor.

The "Autometric" Carburetor feeds the
correct mixture for all speeds for any car.
No matter what speed you travel, your car
gets just the right amount of fuel and no
more. And it's fed as a hot dry gas, not a
partially vaporized mist or spray.

That's what gives you greater flexibility
of control when you use an "Autometric."
Step in. We'll arrange to have your own
garage man put an "Autometric" on your
car on approval.

Know what real flexibility of control is.

Pile Sufferers! Clever Ohio Chemist Says This Great Prescription Taken Internally Has Never Failed

Even chronic cases of 20 to 30 years
standing, with profuse bleeding,
have been completely cured
in from three to ten days.

No discovery of recent years in the field
of medicine has caused such a stir amongst the
medical profession as the recent discovery that
piles can be successfully treated and cured
at home by a wonderful prescription known to
druggists as Miro Pile Remedy.
It has been proved that so-called external
remedies applied or inserted into the rectum
cannot cure piles and at the best only give
temporary relief. This is also true of surgical
operations which simply remove them after
formation, but in no wise acts on the source
of the trouble.
This prescription, although taken internal-
ly, is not digested in the stomach, but is rapid-
ly passed on unchanged to the intestines in

a short time, reaching the exact place where
by its soothing, healing action, it first allays
all inflammation and then by direct contact
with all ulcers and piles, causes them to heal
and disappear forever.
It's positively marvelous how speedily it acts.
Bleeding relief often comes in two or three days
at most, even in cases with profuse bleeding
that have resisted all known treatments and
accompanied by severe pain.
The author of this amazing discovery de-
sires all sufferers to know that he does not
want a cent of anyone's money unless Miro
Pile Remedy decisively cures even in the
worst cases and he has instructed druggists
all over the country to guarantee it in every
case of blind, bleeding or protruding piles.
MRO PILE REMEDY—What is known as itching
word, although this condition may accompany
a true case of piles. For this condition Miro
Pile Ointment has been prepared and in such
cases it is not necessary to take the internal
prescription.

WOODSTOCK

The Woodstock Board of Trade held
an important meeting Saturday evening
in the V. L. S. Hall and several commit-
tees reported. The Board have secured
the rent formerly occupied by the family
of Archie Verville for their headquarters.
This is a large rent and doubtless part
of it will be kept open as club rooms. At
this same meeting plans were made for
a big celebration to the returned soldiers
of this vicinity to be held within a very
short time. The last of Woodstock's boys
is now on his way home.
The annual freshman reception will be
held in the grange hall next Friday even-
ing.

The classes in the high school are pre-
paring for the annual interclass track
meet to be held October 17. The gram-
mar school meet will come the day be-
fore.

Outdoor basket ball practice started on
the high school grounds Monday. A large
squad reported for the first practice and
although the boys have had no experience
the prospects for a fast team are good.

The Woodstock Athletic Club have elec-
ted J. D. Farnum manager of their bas-
ket ball team. The club expects to put
a very fast team onto the floor this win-
ter and manager Farnum will start at
once to arrange the schedule. All those
interested in forming a local league sim-
ilar to the one organized last spring in
baseball should give their names to Man-
ager Farnum so he can arrange a schedule
for the teams. The Club is planning to
present a minstrel show before long and
a committee appointed at the last meet-
ing is already hard at work.

Through the kindness of Myrtle Bacon
the class in Home Economy in the high
school are able to use the little Jap for
their lessons in cooking. Through the
generosity of another citizen it is expected
that a new Singer sewing machine will
be installed in the high school building
soon for the use of this class. The class
recently formed a club and elected the
following officers:

Pres.—Gwendolyn Bartlett.
Vice Pres.—Charlotte Douglass.
Secretary—Edith Buck.
Treas.—Hazel Griffin.

They chose as a name, the Ninefous
Club.

Harold Lurvey who has just returned
from France, spoke to the high school
pupils Friday. He told in a very inter-
esting and instructive way of his travels
in England, France, Italy and Germany
and told of the customs of the peoples
there.

YOU certainly get yours when you lay your smokecards on the table,
call for a tidy red tin or a toppy red bag of Prince Albert and roll a
makin's cigarette! You'll want to hire a statistical bureau to keep count
of your smokestunts! Why, you never dreamed of the sport that lies
awaiting your call in a home rolled cigarette when it's P. A. for the
packing!

Talk about flavor! Man, man, you haven't got the listen of half your
smokecareer until you know what rolling 'em with P. A. can do for your
contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of
Prince Albert's quality—stands our exclusive patented process that
cuts out bite and parch! With P. A. your smokesong in a makin's ciga-
rette will outlast any phonograph record you ever heard! Prince Albert
is a cinch to roll. It's crimp cut and stays put like a regular pal!

Prince Albert upsets any notion you ever had as to how delightful a

FRYEBURG
One of the best and to the majority of thinkers, the best display at Fryeburg fair was the exhibit of East Fryeburg grange. Certainly the members took a great deal of pains and they received many well deserved compliments. It was their first year, so it could not be said of their display, "We have seen those before." The ladies, as well as the men, have reason to feel proud of their first exhibit.

George Knight Randall
George Knight Randall, who was born in Fryeburg about sixty years ago and lived here many years, died in Boston last week where he has spent the last few years. The body was brought here and buried in the Randall lot beside his parents and sisters.

Mrs. Charles Page
Mrs. Charles Page, who lived in East Conway, died Sunday morning. Her husband died a few years ago. She leaves two daughters, Grace and Kate, and one son, Irving, and a host of friends who will miss her.

There was a full meeting of the board of trustees of Fryeburg Academy held Saturday at Lawyer Hastings' office. Dr. Seth Gordon was present.

Mr. and Mrs. B. T. Newman motored to Portland, Saturday.

"The Argue Not" will close Nov. 1st. Mrs. B. N. Stone is to board with Mrs. Z. O. Wentworth for the winter. Mrs. Pitman, who has been with her, will remain and care for her at Mrs. Wentworth's.

KEPT KITTEN CLEAN

Sometimes a child's attention to her pet is over-zealous. A 3-year-old hearing her mother say that the pet kitten should be kept clean if it was to remain in the house, did considerable thinking for a 3-year-old.

Then the kitten began to appear bedraggled and wet every morning and mother could not account for it. She never thought of asking explanation from the child, who merely appeared triumphant at kitty's soiled appearance.

Finally, one morning, mother heard a rowding and spluttering in the refrigerator room and hurrying in found the 3-year-old industriously washing the kitten up and down in the refrigerator pan of water. As the water was ice cold the small animal was not enjoying the bath at all, but the 3-year-old kept a firm hold and soiled the kitten good. Looking in and seeing her mother, she said, triumphantly: "Keeping kitty clean so's he can stay in the house."—Springfield Union.

Mrs. Mary Elizabeth Purinton
died at her home on High street,
Thursday about midnight. She has been
a great sufferer with rheumatism for a
number of years, which brought on a
complication of other diseases, making
the last few weeks almost unbearable if
it had not been for her sweet, amiable
disposition and christian courage and hope
ever looking forward to that place where
pain is unknown. Her thought was ever
for others to shield them and to sym-
pathize. While she has been unable to do
much about the house for the past year,
yet she was confined to her bed less than
a week.She was born in Bartlett, N. H., Aug.
20, 1851, was married to Charles D. Pur-
inton, Nov. 22, 1868. They lived in
Madison and Dummer, N. H., moving to
Milton seventeen years ago and here three
years ago. Besides the husband, she
leaves a son, Augustus E., of Conway, N.
H., and a daughter, Persis, who lives at
home and one sister, Mrs. L. D. Yates of
Portland.In religion her preference was Meth-
odist. She joined the Baptist church in
Madison, N. H., in 1869.The funeral was held Sunday at 1 p. m.
at her late home, Rev. H. H. Hathaway

three years ago.Rev. and Mrs. H. A. Markley left Wed-
nesday morning for Stockholm, Ill., where
on Sunday, Mr. Markley will preach in
the Universalist church where his daughter
has been preaching for the past year
and in which she will be ordained Tues-
day evening. Her father will preach the
ordination sermon. Later he expects to
visit his mother and other relatives in
Pennsylvania and preach the following
Sunday in his home church. From there
he will go to Baltimore, Md., to attend
the Universalist General Convention and
expects to be gone several weeks.Rev. H. H. Hathaway, attended the
Methodist meeting of ministers in Lewis-
ton, Monday and Tuesday.There was a quiet wedding at the home
of Mr. and Mrs. O. L. Peabody of Trap
Corner Saturday at 1:30 p. m., when their
daughter was married to Rupert T. Ber-
ry by D. A. Ball of Augusta. Only im-
mediate relatives of each were present
and Mrs. Mary Stevens and daughter,
Minnie, who witnessed the ceremony, and
Mrs. Ball. The bride's party slipped
away quietly to Rumford by auto and
thence on a wedding trip known only to
themselves.Mrs. Berry is a graduate of South

charge he has bought out the hardware

hind just in time, saved him from worse

broidered Damask.Some of the newest lunch cloths are
being shown of embroidered damask.
The material itself is unfigured, but
the embroidery is usually elaborate.
A very silky mercerized cotton is em-
ployed for working out the design, and
this, with the soft sheen of the
damask, makes a very rich cloth.Those cloths are more practical
when made in the size of a large cen-
terpiece, for then the individual plate
and tumbler doilies of plain lace edged
damask can be used to protect the pol-
ished table surface and are more easily
laundered than the heavily embroidered
cover.Mr. Dreyer of Portland is visiting at

Now All You Good Fellows, Come Fill Up Your Pipes

The Velvet tin
is twice as big
as shown here

If ever men are "Tom" and "Bill" to each other,
it's when good pipes are a-going. If ever good
pipes go their best, 'tis when Velvet's in the
bowl.

For Velvet is a mighty friendly smoke.
Kentucky Burley is the leaf that Nature made
for pipes. Wholesome and hearty, honest as
the day. And Velvet is that same good Burley leaf,
brought to mellow middle age.

For eight long seasons Velvet "meditates" in
wooden hogsheads, throwing off the rawness of
"young" tobacco—truly "ageing in the wood." Out
Velvet comes—cool, calm and generous—the tobacco
Nature made good, kept good and made better.

Velvet's sweetness is the sweetness of good
tobacco, not "put on" like "frosting" on a cake. Its
mildness comes from natural ageing, not from having
the life baked out. Its fragrance is true tobacco fra-
grance, not a perfume. And Velvet makes an A
Number One cigarette. Roll one.

As good old Velvet Joe says:

"Fill yo' heart with friendly thoughts,
Yo' mouth with friendly smoke—
An' let the old world wag."

Drawing Horses

The events didn't fill as Westleigh of
Mason was the only contestant to line up
for the event. The drag was loaded with
6700 pounds and the pair walked off
easily with the rock pile.

Notes

Deputy Sheriff, Harry O. Stimson of
Norway was on official duty through the
fair but found everything conducted in a
law abiding manner.

Waterford fair has been an organized
institution since 1884. The name
World's Fair was not applied until a
dozen years later. In its infancy the
attendance numbered only a few hundred
drawn from Waterford hills. The great
amusement highway was practically un-
known. Only a few scattered hucksters
peddled lunches. Pitching' baseballs
into a pail was the first device of skill
to be followed by the "spindle game" of
giving the winner a dollar on a ten cent
investment.

An old timer harking back on the past
mentioned with a sigh the almost forgot-
ten "hoss" races contested on the level
strip of road in the pine woods beyond
Lynchville. A lot of oaks was the purse
and local jockeys went after it with a
fight to the finish. Selling out before
the race was unknown in those days.

Several mentioned the famous La
Grande dog show which was the greatest
event for Waterford until Prof. Flint
would stay in repair at least half the
time. The band composed largely of
Saunders' boys was also brought up as
a pleasant memory of by gone days.

Other things gone into oblivion are
the county constable struggling to hold
in check the John Barlycorn celebrators,
who turned the quiet village into a night-
mare during the wee' sma' hours, and
three-fingered Piggree the wizard with a
"fiddle."

The present orderly conditions speak
well for the change in public opinion. It
gives the pessimist a chance to do a lit-
tle thinking along the opposite line.

Geo. H. Babb of Sebago, State Indus-
try was in charge of the moth display
exhibited by Maine Department of Agri-
culture. Between ninety and a hundred
moths showing insect pests in various
stages were arranged for educational
purposes. Several insect friends of the
farmer were also shown and their good
qualities extolled. The stress has been
laid upon the corn borer the past sea-
son but according to Inspector Babb we
had them years ago. He showed speci-
mens of the American Corn Stalk borer,
the common Corn Stalk borer, the Ear
worm and the woolly, borer. The menace
to the eastern farmer is the European
borer which the Department of Horticul-
ture is combating. Mr. Babb has been a
prominent teacher in Portland and with
just pride claims to be the father of
manual training in this state. Cereper-
ter was introduced in the schools a-
gainst strong opposition, but he lives to
see this and other practical things on the
regular curriculum. The insector
would have practical entomology taught
in the public schools. He points out it
would mean profits to the farmer so far
as the instruction was applied to the
orchard and crops. The boy of to-day is
the man of to-morrow.

The "Girle" shows that have brought
forth unfavorable comment through the
state failed to reach Waterford.
"Stella" had been playing to men
only, but the show was pruned carefully
and open to both sexes. Another little
dancing "lady" was there but nothing
No ballyho was used, and the dancing
ed dances were not paraded before the
young people as the highest type of men-
tal and physical development. Close
observers note that public opinion is a-
gainst this class that play within their
legal rights, but leap far beyond the line
of common decency in reinment and de-
portment. The time is not far distant
when agricultural societies must separate
the sheep from the goats along the mid-
way tents as they have done with gambl-
ing schemes.

Oh, stomach

Those people who suffer with the distressing symptoms attending chronic dyspepsia
will be interested to read the following voluntary testimonial—

"I have kept the 'L. F.' Atwood's Medicine in the house
for over twenty years and have received great benefit from it.
It does seem as though I could not keep house without it.
In the past I have had a very bad stomach trouble, and could
hardly do my work. After taking a few bottles of the true 'L.
F.' Atwood's Medicine, I became much better. My niece has
also been greatly benefited by it. We both are willing to
recommend the medicine to all who need a remedy for dyspep-
sia and constipation."
